Mr. Jorge de Moraes Barros,
São Paulo.

Dear Sir:

On March 7th ult. at your request we cabled to our Head Office in New York for information in regard to Mr. Manoel Moraes Barros.

We are pleased to inform you that we are in receipt of an answer to our cable advising that a representative of our Home Office called upon Gaston Williams and Wigmore and was informed that Mr. Barros left their employ of his own accord and with a clean record. They thought very highly of him.

He is employed at the present time by Messrs. Cowdrey & Co., 17 Battery Place, New York City, and is living in that city. They were unable to ascertain his home address. His present employers refused to state the amount of his salary for the exact reason that they do not know for what purpose the information is required but they said that they pay him sufficient amount to support himself in New York. He has been in their employ since Jan. 1, 1918, and they think well of him. As far as our Home Office have been able to learn his habits are good.

Should you desire any further information please advise us.

Yours very truly,
THE NATIONAL CITY BANK OF NEW YORK,

Ed Paulley
Manager.
